

Expert Planning meeting on Aquaculture Development in Africa

The African Union, Interafrican Bureau for Animal Recourses (AU-IBAR) and NEPAD Planning Coordination Agency (NPCA)

organized the Expert consultative planning meeting on aquaculture development in Africa from the 8th to the 9th March 2013 Mangochi, Malawi.

Professor/ Adel Shaheen, the Professor of fish diseases & management, Faculty of Veterinary Medicine, Benha University participated in this Meeting. The planning meeting brought together experts from academic institutions, regional bodies and partner institutions, to brainstorm and develop a roadmap for implementation of programme of activities that would inform the forthcoming Think Tank meeting on aquaculture development in Africa slated later in 2013.
