## **“The university supports the state’s plan to reinforce the small businesses” says the University President during the inauguration of the career counseling center**

Prof. Dr. EL-Sayed EL-Kady stresses that the university supports the state’s plan to reinforce the small businesses by opening various projects to create more job opportunities for the youth and let the Egyptian families live a good life. This

statement concurs with the inauguration of career counseling and entrepreneurship center on Thursday, 3-11-2016 in cooperation with the international labor organization. The ceremony was held in the presence of prof. Dr. Gamal Ismail, the vice president of community service and environment service, Mr. Peter Van, the manager of the international labor organization in Cairo, prof. Dr. Muhammad EL-Sayed, the manager of IT and research projects, the faculties’ deans, the staff members, the international labor organization representatives.
